

Interreg 2 Seas Workshop in Dartford, Kent 05/07/2017

I. Context

The UK's decision to leave the European Union leaves a short time window to apply for European funding. This includes the interreg programmes that support cooperation across borders.

This workshop will focus on the **Interreg 2 Seas Programme**: over €100 million remains and the call for proposals that closes in October will be one of the last opportunities to submit ideas.

We will explain what the programme funds, what makes a good application and how we can help. We will also tell you about projects from other countries looking for English partners.
